

SALE OF FLOUR WITHOUT SUBSTITUTE BEING INVESTIGATED

County Food Administrator Investi-
gates Charges Against Mason
County People That They
Purchased Flour Without
Prescribed Substitutes

For the past couple of days County
Food Administrator W. D. Cochran
has been very busy hearing testimony
on the alleged sale of flour in quan-
tities larger than the Food Adminis-
tration permits and without substitutes
and has now all of the evidence before
him and may fix some punishment
within the next few days.

It is said that Mr. M. T. Goddard,
of the Eastern section of the county,
had a quantity of rejected wheat and
Food Administrator Cochran instructed
him to have the wheat ground and
dispose of it through the merchants in
his section as prescribed by the Food
Administration rulings. However, it
is said Mr. Goddard had the flour
ground at the Orangeburg mill and
then sold the flour himself without
the prescribed substitutes to J. W.
Wallington, Russell Wallington,
Charles Breeze, Estil Breeze, William
T. Breeze, B. G. Applegate, Barnes
O'Call and C. D. Jones in lots of from
one-quarter to one barrel.

As yet Food Administrator Coch-
ran has fixed no punishment.

YOUNGSTERS ANXIOUS ABOUT HEIFERS

The young farmers of the county
who purchased heifers and became
members of the Mason County Heifer
Club last year are very anxious about
the sale of their stock which will be
held at the Home Warehouse in a
short time. It is understood that
many of the young men have become
so attached to their heifers that they
will make every effort to purchase
them themselves.

The Working Society of the First
Presbyterian Church will meet tomor-
row, Thursday afternoon, instead of
Friday afternoon. All members are
asked to attend.

Handkerchief linen and sports silk
combined make a charming afternoon
gown.

DAULTON WILL CASE IS BEING TRIED HERE

Contest Over the Will of the Late Mrs.
Emily Daulton Is Being Heard in
Circuit Court—Some Thirty
Witnesses to Testify.

The case of R. M. Harrison and oth-
ers vs. Elizabeth Manion and others,
which is a suit to break the will of the
late Mrs. Emily Daulton of the county,
was begun in the Mason Circuit
Court this morning and will prob-
ably take up the time of the court for
the next several days.

It will be remembered that when
Mrs. Daulton, who was the widow of
the late Delmore Daulton, died several
months ago she willed the most of her
property to her niece, Mrs. Eliza-
beth Manion, of this city. Mrs. Daulton
was a sister of Messrs. R. M. and
Stevenson Harrison, of this city and
they contended that the most of her
wealth was acquired from the origi-
nal Harrison estate and filed suit to
break the will.

There are some thirty or more wit-
nesses to testify and the case will
likely occupy several days of the
court's time. Messrs. Collins and
Grannis represent the plaintiffs and
Messrs. McCartney and W. D. Cochran
represent the defendants.

Judge Newell this morning dismis-
sed all members of the petit jury who
were not engaged in this case until
Monday, September 30th.

GRAND JURY MEETS TOMORROW

The Mason County Grand Jury met
after a two weeks' vacation will meet
again at their rooms in the Court
House tomorrow and take up their
work where they left off at adjourn-
ment. It is understood that the grand
jury will have quite a bit of work be-
fore them but the members of the jury
hope to finish in a few days.

ALLEGED SLACKER SERVED TIME IN PEN

Advice has been received here that
Thomas Batis, the man who is being
held in jail until receipt of word from
his draft board that he has been prop-
erly registered, has just a few months
ago been released from the Frankfort
penitentiary. Batis served a term at
Frankfort for grand larceny having
been sent there from Boyd county.

YANKS ADVANCE, TAKING VILLAGES NEAR HUN BORDER

American Guns Pounding German
Villages and Enemy Falls Back to
"New Hindenburg Line."

Berne, September 18 — Terror is
reigning in the towns of the German
Rhine region, according to travelers
from Kreuzlingen, notwithstanding the
fact that officialdom has declared the
"Franco-American push is not im-
portant."

The travelers said Germans have
warned the population at Mulhausen
to prepare for possible evacuation.

Paris, September 18 — American
forces, striking northeastward along
the valley of the Rupt de Mad, in the
direction of Gorze and Chambley have
captured a series of important fortif-
ied positions, La Liberte announced
today.

Gorze is seven miles southwest of
Metz and a mile within the German
frontier Chambley is five miles west
of Gorze.

At the same time the French, oper-
ating in the Woevre, advanced from
two to three kilometers—a mile and a
quarter to a mile and three-quarters.

They reached a line east of Watron-
ville, Hautecourt, Dieppe and Moran-
ville, it was reported.

Dieppe is six miles northeast of
Verdun. Hautecourt is three miles
southeast of Dieppe. Moranville is a
mile south of Hautecourt. Watron-
ville is three miles south of Moran-
ville.

With the American Army on the
Lorraine Front, September 18—In a
driving rainstorm, a heavy artillery
duel raged this morning along the
Hindenburg line, in front of Metz.

Everywhere along this front the
Germans have fallen back to the fortif-
ied positions known as the new Hin-
denburg line.

Vandieres, a village on the Moselle
river, south of Metz, was captured
by the Americans in a brilliant at-
tack on Sunday afternoon. Van-
dieres lies just south of Pagny sur
Moselle. After losing the town the
Germans bombarded it with gas
shells, compelling our men to evacu-
ate it, as it lies in a valley, and the
fumes were held in. But on Monday
the Americans advanced again and
they not only occupied the village,
but passed beyond it, establishing
their lines to the north of the place.

On Monday afternoon our center
was advanced north of St. Benoit, in-
flicting a severe defeat upon a Ger-
man storm battalion at Haumont.
This village is now in our hands, and
it has been held against a German
counter attack, which was made in
an effort to retake it. One of our
crack divisions captured 90 guns and
3,200 prisoners.

London, September 18 — British
troops captured Holnon—between two
and three miles west of St. Quentin—
yesterday, according to Field Marshal
Haig's report, issued today.

The village of Le Verguier and
Massemy also have been occupied,
the three towns constituting a front of
about five miles.

In this area the British are within
three miles of the Hindenburg line.

According to Haig's report the at-
tacks were renewed with success.

HERE'S PATRIOTIC FAMILY

Mr. Allen Hall, who lives on Clark
street in Eastland, is the head of one
of the most patriotic families in the
city or county. Mr. Hall, who himself
is a veteran of the Civil War, has four
sons and 13 grandsons in the present
struggle. Several of the number are
now in France while others are yet in
training in this country.

ATTENTION EAGLES

All members of Maysville Arie 1564
F. O. E. are requested to attend spe-
cial meeting tonight at 7:30 o'clock to
make arrangements to attend the fun-
eral of our late brother, Thomas Heff-
ernan.

P. F. O'NEAL, W. P.
J. L. Finnerty, Secretary.

FUNERAL THURSDAY

The funeral of Thomas Heffernan,
announcement of whose death appear-
ed in these columns yesterday, will be
held at 9 o'clock Thursday morning
from St. Patrick's church and burial
will be made in the Catholic cemetery
at Brooksville.

AUNT HARRIET GOES TO LEXING- TON

Ant Harriet Gilmore Curry, local
colored woman, who was tried in the
Mason Circuit Court yesterday and
found to be a lunatic, will be sent to
the Kentucky Asylum for the insane
at Lexington. For the idiots tried
yesterday committees will be appoint-
ed and they will be cared for at home.

THORPE PLANNED ESCAPE FROM JAIL FOR MANY WEEKS

Brass Thief Who Escaped Local Jail
Monday Night Had "Cut Hole
Through Jail Wall and By
Iron Pipe Was Able to
Throw Door Lock.

"Buck" Green, local negro who is in
the local jail awaiting trial on in-
dictment for chicken stealing, today
told Jailer Watson and Turnkey Gault
that Jake Thorpe, who escaped from the
jail Monday evening had been plan-
ning his escape for many weeks
past and had urged Green to assist
him so that they both could make
their get away.

Green showed the Jailer a hole in
the wall near the door which Thorpe
had picked by the use of a small
piece of iron which held back the
window shutters and a heavy iron
staple which he had twisted from one
of the door to the cells. For many
weeks, Green said, Thorpe had been
working at this hole which he kept
stuffed with a small piece torn from
his blanket. The hole was finally
large enough that he could throw the
lock on the big "Z" door from the in-
side by the means of a piece of old
pipe which had been carried into the
jail to him. The hole did not come
entirely through the wall of the jail
into the office but went just far
enough to strike the iron bar which
threw the door lock and the hole was
behind a heavy auxiliary door which
most always stood open and back
against the wall so that the hole was
not noticeable.

Green and the other prisoners were
afraid to report Thorpe to the jailer
or his assistants for fear that Thorpe,
who was a very large man, would do
them some bodily harm.

After having discovered the hole in
the wall and finding how it could
swing the lock, this morning, Jailer
Watson began an investigation of the
jail and found a heavy iron cell staple
which had been covered by a piece of
blanket and made into a "black jack"
which Thorpe is said to have kept hid.
He is said to have told the prisoners
that he would get out even if he had
to knock Mrs. Watson down when
there were no men in the office to
get out.

All of the prisoners have been lock-
ed in cells and the outside jail door
is kept carefully locked until the com-
ty officials have covered the hole pick-
ed by Thorpe with a heavy steel plate
for anyone with the assistance of a
small piece of wood or a small bar
could throw the "Z" door lock from
the inside of the jail.

MUCH DOING IN THE CITY

Today is a full day in Maysville and
these seeking amusement will not have
far to look for there is plenty doing
on all hands. Amusements of this
sort usually come in a bunch instead
of this sort usually come in a bunch
instead of sreading out a little so that
all would get a chance at them all
should their pocketbook be big
enough.

LIBERTY BOND INTEREST IS DIS- TRIBUTED

Just when folks are beginning to
think about investing in more Liberty
Bonds for the fourth campaign will
open in a few days, the local banks
begin the distribution of interest on
the bonds now held. Those owning
bonds yesterday received notice from
their banks that the interest earned
by their bonds had been placed to
their credit.

PRICES FIXED FOR CORN CUTTING AND SHUCKING HERE

Meeting Held Today at Which Prices
For Corn Cutting and Shucking
in Mason County Are Fixed—
All Must Pay the
Same Price.

A very interesting meeting of farm-
ers was held at the Chapter of Com-
merce today at noon, with County
Food Administrator W. D. Cochran
and Mr. W. W. Ball, Jr., chairman of
the Mason County Council of National
Defense.

It is about time for corn cutting
and shucking to begin in this county
and considerable discussion among
the farmers had arisen over the prop-
er price to pay for this sort of farm
work. After going over the matter
thoroughly a price was agreed upon
and immediately after the meeting the
County Food Administrator and Coun-
ty Chairman of the Council of National
Defense issued the following joint
statement:

"Notice is hereby given to all citi-
zens of Mason county that at a meet-
ing held today of the County Chair-
man of the Council of National De-
fense, and County Food Administra-
tor, it was agreed and determined that
the fair and proper price for the cut-
ting of corn is 25 cents a shock for a
shock 16 hills square, and for drilled
corn 16 hills long 30 cents a shock,
and for the shucking of corn 16 hills
square and drilled corn 16 hills long
30 cents a shock.

"All citizens are to pay and ask
these prices, and the Food Adminis-
trator and the Chairman of the Coun-
ty Council of National Defense are to
see that these prices are conscienti-
ously observed in every respect.
Those who pay more, and those who
ask more should be immediately re-
ported. This is in accordance with
the action taken in a great many other
counties of the state, which has
been approved by the District Fed-
eral Food Administrator and by Samuel
H. Halley, Member on Agriculture of
the Kentucky State Council of De-
fense.

W. D. COCHRAN,
Federal Food Administrator for Ma-
son County.

W. W. BALL, JR.,
Chairman Mason County Council of
Defense.

The Traxel-Glascock Co. is paying
60c for butter fat beginning today.

NEWSPAPERS IN THE WAR

Have you considered the important part that the newspaper man is taking in this war? We are not speaking now of the large number of editors and reporters who have enlisted and are today wearing the nation's uniform, but of the work of those more mature men who have been left at home to "carry on" the important work of maintaining the morale at home. A few days ago Dayton entertained a delegation of Italian newspaper men who were touring the country. Not many months ago a party of Mexican newspaper editors visited many cities, the purpose being to bring about a closer understanding between the peoples of the two nations. A group of Swiss editors is coming to America shortly. We have entertained parties of both English and French editors within the last year and a group of Canadian newspaper men is just about to return home after an extended journey in France, Italy and England. The various nations at war each have their publicity departments. Indeed, the Kaiser is so great a believer in publicity that he has a newspaper man with him constantly.

Never before in the history of the world has there been such general recognition of the power of the press as in the present war. It even has come to be looked upon unofficially as an essential industry, and why not? But for the splendid work on last year one hesitates to speculate on what might have been our national condition today. It isn't pleasant to think about.—Dayton Herald.

MAYSVILLE'S BIG STYLE SHOW BEING BOOSTED BY ALL

All Business Interests of the City
Unit in Making the Fall Opening
One of the Greatest Successes
of the Year.

Maysville's business men are united in standing squarely behind the big Style Show which will be held here all of next week and to which everyone in the city, county and adjoining counties is invited. The big show will be a sort of fall opening to most all of the stores who have pledged their co-operation to the managing committee in charge of the big show.

Every business man in the district will have specially decorated windows showing the latest creations in fall styles of everything and those business men whose lines do not run in styles will show their latest offerings in their various lines.

All of those participating in the show will have special bargains to offer at very special prices and the managers of these stores are now busily engaged in selecting some of their big bargains to offer during the week. In the next few days the advertisements of the wide awake merchants of Maysville appearing in the Public Ledger will announce the wonderful bargains that are to be offered during the special week and every reader should watch these advertisements closely so that none of the big bargains will escape them.

All arrangements have been made for the great white way on Second and Market streets on Thursday, Friday and Saturday nights of the week and the city people are urged to invite their country friends to come to Maysville during this week if they desire to see the latest fall creations and if they want to share in the big early season bargains.

PRICE ALLOWANCE ON EMERGENCY DELIVERIES

By an order issued by the United States Fuel Administration, effective September 5, railroad companies delivering coal to consumers by order of the United States Fuel Administration, for the purpose of relieving emergency, will be allowed to add to the cost of such coal, an amount to cover extra switching, handling, and accounting.

The order provides that the railroad may receive from the consumer or retail dealer to whom the coal is so delivered the cost of the coal, including lawful transportation charges from point of origin to destination, and the additional sum of 15 cents per net ton, or such greater additional sum as may be agreed upon by the railroad company and the consumer or dealer. In case of failure to agree on a settlement beyond the allowances specified, the Bureau of Prices of the United States Fuel Administration will determine and adjudicate such difference as may occur.

Run-Down People

Vinol is What You Need

Weak, run-down nervous men and women need Vinol because it contains the most famous reconstructive tonics in an agreeable and easily digested form:—Beef and Cod Liver Peptones, Iron and Manganese Peptonates and Glycerophosphates.

We guarantee there is no tonic equal to Vinol.
HERE IS PROOF

Detroit, Mich.
"I got into a weak, run-down condition, no appetite, tired all the time and headaches—but had to keep around and do my housework. I read about Vinol and tried it—within two weeks I commenced to improve, and now have a splendid appetite and feel stronger and better in every way."
—Mrs. John F. Watson.
For all run-down, nervous, anemic conditions, weak women, overworked men, feeble old people and delicate children, there is no remedy like Vinol.

Tezakana, Texas.
"I keep house and I was weak, run-down and nervous, back ached a good deal of the time, so it was hard to take care of my chickens and do my work—Vinol has restored my strength, and my nervousness has gone, so I can do my work as well as ever. Every run-down woman should take Vinol."
—Mrs. Emma Britt.

Vinol Creates Strength

TRANSPORTATION PROBLEM REFERRED

Employment Service Refers All Labor Problems in Transportation to Council of National Defense.

The Council of National Defense authorizes the following statement: Recognizing that the vital need for increasing transportation facilities of the country during the war may be realized only through the most efficient utilization possible of the highways, the United States Employment Service has instructed its representatives to refer all labor problems arising in this connection to the Highways Transportation Committee, Council of National Defense, to which Committee all Highways transport problems are being delegated.

The task thus delegated involves the adjustment of labor employed in any phase of transport activity, either power or horse drawn. In referring these duties to the Highways Transportation Committee, J. E. Densmore, Director General, United States Employment Service has transmitted the following letter to R. C. Hargraves, Secretary of Highways Transportation Committee.

"Dear Sir: "The United States Employment Service recognizes the war-time need for making the most effective and efficient utilization of our highways as a means of strengthening and increasing our transportation resources, and especially is acquainted with the valuable direction given by the Highways Transportation Committee to this problem.

We are also convinced that tonnage capacity of our highways transport resources can be greatly increased by applying all possible vehicles, horses and labor in line with national policies promulgated by you and naturally, in transportation that vitally aids in accomplishing our war programme.

We therefore desire to effect any adjustment of labor employed in any phase of highways transport activity, relating to either power or horse-drawn vehicles in cooperation with your national organization, replying on your State Highways Transportation Committee to furnish the facts regarding essential highways transport activity with which our they are intimately familiar and on which our state and local labor department of ficers may base their necessary orders.

We are therefore, transmitting instructions to our representatives advising them that all matters touching or in any way affecting highways transport operations are to be dealt with on the advice of your organization."

MUCH WORK AROUND NEW ELECTRIC PLANT

Much work is being done around the new electric light plant in West Second street. A new fence has been built about the property and much concreting is being done to put the front of the plant and the front of the Cotton Mill in first-class shape in every respect.

Mr. Wicks Martin, who has been at Charleston, W. Va., for past several months operating a lunch counter, has returned home and will soon open the Navarre Cafe to the public.

OUR COLORED CITIZENS

Sergeant John M. Turner of Camp Zachary Taylor, Louisville, was home on a few days' furlough, left for his post of duty Monday morning.

The annual celebration of the Emancipation Proclamation will be held at the Bethel Baptist Church Sunday evening with appropriate exercises. There will be special quartet singing made up of prominent voices. There will also be some famous speakers on the program. Be sure to be present.

ROADS MUST BE IN CONDITION ALL THE YEAR

Three Hundred and Sixty-Five Day Roads Must Be Hastened in the Entire Nation.

That we are coming to that time, when the 365 day road shall be existent is certain. But we must hasten its coming. The motor truck already is taking over the business of short hauling from the railroad in some parts of the country. It is necessary for it to do so. This cannot become universal, however, until 365 day roads become universal. Some of the states made this motor truck service possible last winter by constant and concerted action in keeping roads clear. Incidentally they eliminated much of the disintegration roads usually undergo with the spring thaws. But this was peculiar to only a few of the forty-eight states.

The Chamber of Commerce of the United States adopted resolutions calling for a permanent policy, that would assure co-ordination of railroads, water and highways. It advocates the completion trunk highways for heavy traffic immediately wherever such will relieve congestion of traffic. The whole country is crying out for some such measures. The railroads constantly are assuming new burdens of further war supplies. The motor truck is taking its share, but the motor truck cannot assume its full share without roads that are good and permanent every day in the year.

The motor truck offers a transportation that the railroad cannot. For that reason it is even more desirable that the motor truck be made full use of. The motor truck takes the freight at the point of origin and delivers it at the door of the consignee. It provides its own terminal facilities. Hard-surfaced highways capable of carrying the increasing streams of motor trucks are a necessity. The sooner every community in the United States realizes this the better for transportation as a whole. The Government recognizes it. The Highways Transport Committee is doing everything in its power to make it possible to carry new burden by motor truck which the railroads cannot carry. The return loads burden is a recognition of the need of this great motor truck haulage. The rural express is another recognition. All these are of little avail except in certain small localities insignificant in comparison to the great area of the United States, without 365 roads.

Today 400,000 motor trucks are in service in this country. It is estimated that by the end of the war we will have 4,000,000 in service. It is not too early now to plan for a sound program of highway development after the war but some action before the war ends is necessary if the motor vehicle is to be allowed to do its

REFUSE TO ACCEPT SUBSTITUTES !!!

Don't Let the Dealer Sell You "Something Just as Good." There is No Other Remedy That Can Take the Place of Acid Iron Mineral.

Acid Iron Mineral is incomparable for building up run-down systems, helping catarrh sufferers, relieving rheumatism, and aiding sick and tired-out stomachs to get back to their best condition—and we have thousands of testimonials here in our offices to back this up.

Acid Iron Mineral is not a patent medicine, and is free from alcohol. It is also guaranteed to give you satisfaction, or your money will be refunded.

Doctors of high standing are now prescribing Acid Iron Mineral in their practice because they know how valuable its iron properties are in aiding the system to get back to normal.

Your name and address will bring you literature and copies of testimonials that will soon convince you that A-I-M is all that we claim for it, and that it helps rebuild the system, no matter how run down. Price, 50c and \$1.00 a bottle. If your dealer cannot supply you, send to Ferrodine Chemical Corp., Roanoke, Va., Manufacturers.

It is best to keep but one calf in a pen. The raising and feeding of the calves should be in the hands of the farmer or one of the family. Women make the best caretakers.

part. S. M. Williams, President of the Highway Industries Association, states that a recent canvass of the business men of the United States shows practically a unanimous belief that highway improvement is an economic and war necessity and that construction should proceed if the highways are to meet the traffic requirements. Highways already improved should be maintained by all means. Even your community cannot build roads now those you have should be maintained. Highways in many localities are going to pieces on account of the tremendous increase in traffic. Many of the highways were not built to withstand present traffic demands. Those of the future must be built to withstand such demands. That is what is meant by 365-day roads.

BESSIE, THE SEA COW

Now On Exhibition at the Foot of Market Street, On Captain Thompson's Magnificent Twin Screw Boat.

Second only in interest to the big fish itself, which is attracting several thousands of visitors to Capt. Thompson's yacht at the river front, foot of Market street, is the captain's marvelous marine exhibit, which is considered by many who have seen it to be one of the finest and most complete private collections in America.

Among the many rare specimens is the octopus, one of the most repulsive creatures imaginable; a devil fish, hammerhead shark, angel fish, a giant sail fish with a sail two and one-half feet wide; a giant baracoute over seven feet long and that weighed 140 pounds, with a mouth and teeth large enough to bite a man's arm off, to say nothing of hundreds of other marvels of the great deep, all of which are shown in their natural form and colors.

By far the most interesting specimen, however, is Bessie, the sea cow, who is now making her home on board of Capt. Thompson's yacht. Bessie was recently captured near Eau Gallie, Fla., and is probably one of the largest specimens now in captivity. According to government authorities, the sea cow, or manatee, has become almost extinct, and there are probably not more than 100 in existence.

There is always a crowd around the tank in which she displays herself, and many are the amusing comments made by some of those who never seem to tire of watching her to see what she is going to do next.

Another singular specimen of the collection is the baby hammerhead shark, with the singular elongated head from which it derives its name. The eyes are situated on the extreme outer edge of the "hammer," so that it can cover an unusually wide range of vision. The hammerheads grow to a length of 15 feet and bring forth their young alive.

Few creatures of the sea have more horrible appearance than the octopus, about which some of the most gruesome stories ever written have been told. Another interesting specimen of marine life is the giant sail fish. Captain Thompson's specimen is one of the largest ever captured on the east coast, measuring seven feet in length.

Other specimens are a giant swordfish, giant jewfish, leather fish, dolphins, amber jack, parrot fish, porcupine, fish and others too numerous to mention, all of which are the finest specimens obtainable and in a perfect state of preservation.

The tiger or man-eating shark, of which Capt. Thompson has a very fine specimen, is the terror of the seas, growing to a length of thirty feet. They inhabit the warm waters of the tropics and often ascend the gulf stream to more northerly latitudes, where they are a menace to bathers in summer.

Capt. Thompson's monster fish which is better known as the "Deep Sea Mystery," is declared by scientists to be the largest fish ever captured in the history of the world. It is creating a wonderful interest and discussion among all classes, and it is conservatively estimated that it will be seen by at least 50,000 people while here.

This unique collection of marine life is now on exhibition in Maysville, on board the yacht Tamiami, anchored at river front, foot of Market street.

FALLING OFF IN SCHOOL ATTENDANCE SHOULD NOT BE

Commissioner of Education Issues Open Letter to the Citizens of the Nation.

Hon. P. P. Claxton, U. S. Commissioner of Education has issued the following announcement to the people of the United States:

To the Men and Women of the Farms of America:

In his letter to the secretary of the Interior, approving the campaign of the Bureau of Education for the support of the schools and the maintenance upon them during the war, President Wilson says: "That, in so far as the draft law will permit, there should be no falling off in attendance in the elementary schools, high schools or colleges, is a matter of the very greatest importance, affecting both our strength in war and our National welfare and efficiency when the war is over." He then urges, that the people support generously their schools of all grades and adapt them as wisely as possible to the new conditions. "To the end that no boy or girl shall have less opportunity for education because of the war and that the Nation may be strengthened as it can only be through the right education of all its people."

For no part of our people is this more important than for those who live in villages, small towns and in the open country, mostly farmers. Whatever may have been true in former days, it has now come about that for success in their work and for good living on the farm and in the farm home, farmers and their wives need a broader, more comprehensive, and more thorough education than do men and women engaged in any other occupation and living under any other conditions. They need not only the general information and training for life and citizenship which they should have in common with all men and women, but they need also training in science and a knowledge of physics and chemistry, of soils and fertilizers, of plants and animals and their diseases and how to protect against them, of the cultivation and harvesting of crops, of marketing, of balanced rations for domestic animals, of machinery and its use and care, of the simple forms of engineering and architecture, of bookkeeping and banking, of the sanitation of the home, the care of children, and many other things on which their success and their health and happiness depend; a full round of knowledge, such as is needed for success in no other occupation. Also the farmer and the farmer's wife must know not only the separate facts of these, but the underlying principles as well, to enable them to direct their work intelligently and to adjust themselves to constantly changing conditions.

Such knowledge and training cannot be given effectively in the elementary schools alone. Much of it can be given only in high schools and colleges, and to boys and girls of high school and college age.

The place which farmers hold in the affairs of the Nation and the world and the value of their work have been revealed by the war. The importance of these will not be less when the war is over. It is of the utmost importance that they be able to fill their places and do their work intelligently and well. That they may be prepared for this, the schools for the farmers' children in small towns and villages and in the open country should be better supported and constantly improved and not boy or girl should be kept out of the elementary school or high school where attendance is possible. In so far as the draft laws and absolute necessities of the home will permit, every country boy and every country girl, who are prepared for it, should go to college, university, or normal school.

There are before us as a people now just two tasks of supreme importance: To win the war for freedom and democracy, and, let us hope, for permanent peace, and to fit ourselves and our children for life and citizenship in the new world which the war is bringing in. Both of these tasks must be performed with singleness of purpose and whole-hearted devotion to the public welfare; and no sacrifice, however, must be allowed to stand in the way of either.

P. P. CLAXTON,

FROM COAST TO COAST

A Remarkable Chain of Home Testimony. And Maysville Adds Its Voice to the Grand Chorus of Local Praise.

From north to south, from east to west; in every city, every community; in every state in the Union Rings out the grateful praise for Doan's Kidney Pills.

50,000 representative people in every walk of life. Publicity testify to quick relief and lasting results. And it's all for the benefit of fellow sufferers.

In this grand chorus of local praise Maysville is well represented. Well-known Maysville people Tell of personal experiences. Who can ask for better proof of merit?

Ben. P. Fleming, constable of Mason County, 217 East Lee Street, says: "I have used Doan's Kidney Pills off and on for several years, getting them at Wood & Son's Drug Store, and they have been of great benefit. At times, my kidneys have been out of order and I have suffered from a dull, constant ache through the small of my back. The kidney secretions have been irregular in passage, too. A box or so of Doan's Kidney Pills have never failed to relieve me of the complaint in a short time."

Mr. Fleming is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS, the same that Mr. Fleming had—the remedy backed by home testimony. 60c all stores. INTEREST IN THE NEXT STOCK SALES

Much interest is being manifested here in the next regular County Court Pay Stock Sales which will be held on the first Monday in October. Plans are being made to bring out-of-town buyers to Maysville for this day and the local butchers will purchase much of the stock offered if it is suitable for butchering purposes.

POST TOASTIES
Everything a corn food ought to be—and saves the wheat

—says Bobby

SECURING TEMPORARY TEACHERS HERE

The county school authorities have had a great amount of trouble in securing teachers for the county schools. Most every week since schools opened some teacher has resigned having been offered a better position elsewhere. The authorities have been unable to find regular teachers to fill the vacancies so far but they have secured teachers temporarily or until they can secure some one to take the jobs permanently.

B. Y. P. U. IS ORGANIZED

A Baptist Young Peoples' Union was organized at the First Baptist Church Sunday evening and officers were chosen for the ensuing year. The organization promises to be a very live one and will meet at the church each Sunday evening at 6:30 o'clock.

Nothing Doing

So long as we are busy with our own work (filling our own prescriptions) we do not want the other man's prescription. If he knows so much about glasses, why don't he make 'em? Don't worry SIMPSON about making the glasses. If the other fellow prescribes glasses let him make 'em. SIMPSON IS BUSY.

ATTENTION! Sick Women

To do your duty during these trying times your health should be your first consideration. These two women tell how they found health.

Hellam, Pa.—"I took Lydia E. Pinkham's Vegetable Compound for female troubles and a displacement. I felt all run down and was very weak. I had been treated by a physician without results, so decided to give Lydia E. Pinkham's Vegetable Compound a trial, and felt better right away. I am keeping house since last April and doing all my housework, where before I was unable to do any work. Lydia E. Pinkham's Vegetable Compound is certainly the best medicine a woman can take when in this condition. I give you permission to publish this letter."—Mrs. E. R. CRUMLING, R. No. 1, Hellam, Pa.

Lowell, Mich.—"I suffered from cramps and dragging down pains, was irregular and had female weakness and displacement. I began to take Lydia E. Pinkham's Vegetable Compound which gave me relief at once and restored my health. I should like to recommend Lydia E. Pinkham's remedies to all suffering women who are troubled in a similar way."—Mrs. ELISE HEIM, R. No. 6, Box 88, Lowell, Mich.

WILLIAMS-CHARD

Miss Naomi Elizabeth Williams Be-
comes Bride of Mr. Gilbert Chard
and Happy Couple Leave For
Long Wedding Trip to
the West.

Miss Naomi Elizabeth Williams and
Mr. Gilbert Chard were married this
afternoon at 3 o'clock at the home of
the bride's uncle and aunt, Mr. and
Mrs. William Tolle in the East end.
Only the relatives and immediate
friends of the couple were present.
The ceremony was performed by Dr.
J. J. Dickey, pastor of the Second M.
E. Church, South.

The bride who is 18 years of age is
the daughter of Mr. Frank Williams
but for a number of years has made
her home with Mr. and Mrs. Tolle.
She is attractive and accomplished
and numbers her friends by the score
while the groom who is also 18 years
of age, is the son of Mr. William
Chard, of West Second street and has
a splendid position with the C. & O.
railroad company.

Following the ceremony the happy
young couple left over the C. & O. for
Tulala, Oklahoma, for a wedding trip
where they will visit the bride's relatives.

The many friends of the happy
young couple join us in wishing them
much success and happiness.

COLORED PEOPLE PLANNING GREAT CELEBRATION

The colored people of the city are
planning a great Proclamation Day
celebration which will be held at
Scott M. E. Chapel next Sunday evening.
The full program for the day
will be announced later in these
columns. All colored people are urged
to prepare now to attend the special service.

OUT OF TOWN SPEAKERS

Miss Anna Lewis of Lexington, and
Deaconess Almstead of Louisville,
will address the adult and young people
Missionary Societies at the First
M. E. Church, South, Wednesday evening
at 7:30, to which every one is invited.

Rev. H. D. Cooper of Russell will
stop over here on his way to the annual
conference at Harlan and preach
at the Third Street M. E. Church next
Sunday both morning and evening.

There is more Catarrh in this section
of the country than all other diseases
put together, and for years it was
supposed to be incurable. Doctors prescribed
local remedies, and by constantly failing
to cure with local treatment, pronounced
it incurable. Catarrh is a local disease,
greatly influenced by constitutional
conditions and therefore requires constitutional
treatment. Hall's Catarrh Medicine,
manufactured by P. J. Cheney &
Co., Toledo, Ohio, is a constitutional
remedy, is taken internally and acts
thru the blood on the mucous surfaces
of the system. One Hundred Dollars
reward is offered for any case that Hall's
Catarrh Medicine fails to cure. Send for
circulars and testimonials.

Hall's Family Pills for constipation.

STYLE SHOW WEEK SEPTEMBER 23 TO 26.

NEW WAR STYLES For Young Men

If anybody stopped a young man on the street with the question,
"What's the most important thing in a suit of clothes?" he'd prob-
ably say right off the bat "STYLE."

STYLE certainly is important, but style isn't worth consider-
ing if you don't get lasting fabrics at the same time, or if it means a
needless waste of material.

HART, SCHAFFNER & MARX designers have taken care of
you young men in their fall and winter clothes. We have styles for
you, good live military models that make the best use of every inch
of material. And the beauty about style in good clothes is that it
lasts.

When you remind your father that you need a new suit, just tell
him you know where to go for real economy; that will please him,
and the style will please you.

Squires-Brady Co.
Second and Market Streets

The Home of Hart, Schaffner and Marx Clothes.

GREAT NAVAL BAND IS AT LAST COMING TO MAYSVILLE

Bankers Organize For the Fourth Lib-
erty Loan Drive and It Is An-
nounced That the Great Lakes
Naval Training Station
Band Will Be Here
October 8th.

The bankers of Mason county and
those who take the lead in the sale of
Liberty Bonds held a very important
meeting yesterday afternoon when the
county was organized for the big bond
sale and plans were made for the
opening here.

Every bank in the county is repre-
sented on the Executive Committee
which is composed of the following
gentlemen: Messrs. J. N. Kehoe, J.
B. Durrett, J. F. Barbour, N. S. Cal-
houn, H. C. Sharp, W. W. Ball, Jr.,
C. L. Wood, E. L. Willett, R. L. Turn-
er, S. M. Roff, J. Elgin Anderson and
C. M. Devore.

The committeemen have not as yet
decided as to how they will conduct
the big campaign in Mason county but
they will reach this later.

It was announced at this meeting
that the people of Maysville and Ma-
son county besides having the oppor-
tunity to see the great Army Trophy
Train would also have an opportunity
to hear the Great Lakes Naval Train-
ing Station Band which was trained
by Lieut. John Phillip Sousa, one of
the greatest band leaders in the Uni-
ted States.

The Trophy train will be here for
two hours on October 4th and the
great band of 54 pieces will be here
on Tuesday, October 8th. The band
will arrive here over the L. & N. at
3:45 in the morning and will leave
on the C. & O. accommodation east
bound at 2 o'clock in the afternoon.

Arrangements have been made to
have a concert on Market street be-
tween Second and Third streets be-
tween 10:30 and 11:30 o'clock in the
morning.

With the band there will be a speaker
of much note, who the committee
cannot name at this time and at 12:30
o'clock a great mass meeting will be
held at the Washington Theater when
the big band shall again give a con-
cert and the speaker will make an ad-
dress.

Other plans for the big drive have
not yet been made but it is known
that Maysville and Mason county will
get a look at everything that the gov-
ernment is showing the people of the
country during this Liberty Loan
drive.

The bankers report that everything
is in good shape for the big drive to
begin and they feel certain that old
Mason county will do this time just
what she has always done in oversub-
scribing her allotment.

TEACHERS' EXAMINATION

The last county teachers' examina-
tion of the year for white teachers
will be held on next Friday and Sat-
urday at the office of County Superin-
tendent Turnipseed. On the following
Friday and Saturday the last examina-
tion for colored teachers will be
held and all of those interested are
asked to make arrangements to take
these examinations. The county needs
many teachers and this is a splendid
opportunity for some of our High
School graduates.

SMOKER FOR BUSINESS MEN HELD TONIGHT

Progress of the Membership Cam-
paign Will Be Reported at Meet-
ing to Be Held at the Cham-
ber of Commerce Build-
ing this Evening.

There will be a smoker at the
Chamber of Commerce this evening at
8 o'clock when the team captains and
their workers will gather to make an-
other report of the progress of the
campaign for new members to the or-
ganization for another year. Reports
sitting from the team members on the
streets are to the effect that the cam-
paign is progressing rapidly and the
live business men of Maysville real-
izing the value and importance of the
Chamber of Commerce are signing
without little argument from the team
members.

Only a few have held back and have
refused to renew their membership to
the organization for another year and
it is thought that these business men
will line up with the other live wires
of the city before the campaign closes
and make it unanimous.

The interest shown in the rivalry
between the two sections of the can-
vassers is growing daily. The team
making the highest score computed
upon the basis of the number of re-
newals secured and the number of full
paid in advance memberships will be
awarded passes to the next annual
Corp and Tobacco Fair and this lit-
tle incentive has caused much inter-
est to be taken in the drive.

The business men who have been in
contact with the Chamber of Com-
merce and who have seen the good
that it has accomplished in our city
in many ways are lending their hearty
support to the campaign and it is cer-
tain that the Chamber of Commerce
will be continued for another year
with the same amount of enthusiasm
as has characterized it in the past.

The organization is reaching the
place now where it can be of incal-
culable value to the city of Maysville
and to Mason county. A large num-
ber of our prominent farmers have
taken memberships in the organiza-
tion and are displaying great interest
in its work because during the past
few months it has branched out and
has taken hold of the road problem to
assist the farmers in solving the big-
gest problem that they have ever
faced and has been a great assistance
in solving this problem.

DOWN GOES THE PRICE OF POTATOES

Carload of New Michigan Potatoes
Received by Local Wholesale
Grocer and Wholesale and
Retail Prices Drop.

The first carload of new Michigan
potatoes arrived in Maysville this
morning. They were received by the
M. C. Russell wholesale grocery and
immediately Mr. Russell and County
Food Administrator Cochran got to-
gether and down went the price of po-
tatoes.

In another part of this issue will
be found a revised food bulletin just
issued by County Food Administrator
Cochran, in which he quotes the
wholesale price of potatoes at \$3.00
per hundred pounds and the retail
price at 3 1/2 cents per pound which is
the lowest price potatoes have been
sold at in Mason county for a long
time.

This carload of potatoes will be dis-
tributed among the retailers of Mays-
ville and Mason county within the
next few days and they will be sold
to the consumers at the price fixed by
the Administrator.

PRAYER MEETING

A new leader will be in charge of
the prayer meeting service at the
Third Street M. E. Church tomorrow
evening. Those who have been enjoy-
ing the fine meetings under the lead-
ership of these men from the other
churches of the city can be assured
that they have another treat in store
at the service tomorrow evening. All
members and friends invited.

CARDINAL FARLEY DEAD

Cardinal John M. Farley, Arch-
bishop of New York, died at his coun-
try home near Namaronock, N. J., last
night. The Cardinal was 76 years of
age and had been an ordained priest
for 48 years. He was one of the most
brilliant and beloved Cardinals in the
Catholic Church.

COLORED NEWS

Liberty Court No. 65 will meet this
evening at 7:30 o'clock.
M. J. PATTON, W. C.
Flora B. Hall, R. of B.

The rehearsal at Scott M. E. Church
will be held Thursday evening at 7
o'clock. Plans will be made for a pa-
triotic meeting.

TOBACCO INDUSTRY PAYS HEAVY WAR TAX THIS YEAR

Preliminary Report of Commissioner
Roper Shows Big Gain in Taxes
Paid by Tobacco Industry.

The tobacco manufacturing indus-
try of the United States carried the
burden of war taxes well, according
to the preliminary report of Commis-
sioner of Internal Revenue Daniel C.
Roper, for the fiscal year ended June
30, 1918. Increased receipts from ev-
ery brand of the industry are record-
ed, in contrast with the preceding fis-
cal year, the total collections for the
year ended June 30, 1918, having
amounted to \$156,188,650.90, a gain of
\$53,911,661.76, or 52 per cent. Of the
total amount collected in 1918,
\$49,107,345.02 is directly attributed to
the new war taxes. Thus 31 per cent.
of the year's revenue was from that
source.

A comparison of the figures for the
two years reveals the following in-
creases in the collections from each
branch of the industry: Large cigars,
\$163,129.31, or 22 per cent.; large ci-
garettes, \$22,455.90, or 22 per cent.;
small cigarettes, \$28,243,792.52, or 74
per cent.; snuff, \$1,219,182.09, or 43
per cent.; smoking and chewing to-
bacco \$11,824,380.95, or 33 per cent.;
manufacturers' tax, \$191,693.98, or 55
per cent.; floor taxes, \$6,281,479.60.

The collections on products from
Puerto Rico show an increase of \$57,-
600.55, or 9 per cent.; products from
the Philippine Islands, an increase of
\$296,365.89, or 58 per cent.

TONIGHT IS THE LAST NIGHT FOR GREAT PICTURE

The Heart of the World Will Be
Shown For the Last Time in Mays-
ville This Evening—Picture
Is More Than It Has
Been Painted.

Those who have not yet seen Grif-
fith's great screen masterpiece, "The
Hearts of the World" have one more
opportunity at the Washington Thea-
ter and they will regret it if they do
not take this opportunity to see
one of the most wonderful films
ever produced.

The picture was painted by the
press of other cities where it had ap-
peared as a wonderful film but it has
surpassed anything that has yet been
said of it. It is truly wonderful in ev-
ery respect and the music furnished
by the orchestra of masters with it
adds much to the enjoyment of the
show.

There have been many pictures
shown in Maysville which were said
to have been produced in the war zone
but this one exceeds all others and
actual war scenes are shown and
those who are in the audience see and
realize that they are actual war
scenes and not fakes.

This being the last night and the
act that all of those who have seen
the Hearts of the World during the
past two days have praised it to the
skies is expected to fill the Washing-
ton to its capacity.

MAYSVILLE COLORED HIGH IS WELL REPRESENTED

The Maysville Colored High School
will be well represented at one of the
chief Colored Industrial Colleges of
the south when four students, who
left this morning for Morristown,
Tenn., to enter Morristown Industrial
College arrive. Thelma P. Jackson,
Mary F. Ewing and Beatrice Wil-
lams all graduates of the school left
and Margaret Robertson from the
Eighth Grade will also attend the col-
lege this year.

TWO MORE JOIN S. A. T. C.

Messrs. Will Asbury, of Sharon, and
Jack Asbury, of Fernleaf, have gone
to Lexington to enter State University
and to join the S. A. T. C. and take the
regular prescribed army military
course as offered at the university.

EXEMPTION BOARD WILL MOVE OFFICE IN NEAR FUTURE

Mason County Exemption Board will
Have New Headquarters in the
First-Standard Bank Build-
ing For the Coming
Winter.

The Mason County Exemption
Board will move its headquarters in the
near future from the Government
building where they have been located
since the board was organized to
quarters in the First-Standard Bank
Building. This move is being made
because of the approach of winter
and in order that their headquarters
may be comfortable for the examina-
tion of drafted men.

The headquarters of the board in
the government building has been lo-
cated in the basement which is not
heated by the building's heating sys-
tem and it will be necessary to erect
stoves which will not prove entirely
satisfactory therefore the board has
asked the government for the privi-
lege of changing the location.

The board members are now very
busy most every day listing the large
army of men who registered in Mason
county at the last registration. This
is somewhat of a job and even with
the assistance of their new assistant
clerk, Fred Arn, Jr., they have found
themselves up against a great big job.
The work of mailing out the ques-
tionnaires will begin in a very short
time and this too will be quite a job
on the board members, whose job at
all times is anything but a snap.

The exact date of the change of the
headquarters location is not yet
known but will be announced to the
public in plenty of time for every one
having business with the board to
know of their change.

UNION BARBERS INCREASE SOME OF THEIR PRICES

Barbers of Maysville Find That the
Increased Cost of Everything Nec-
essary in Their Work Has No
Affected Them That An
Increase in Price Is
Necessary.

The Union barbers of Maysville this
morning announced that beginning
with October 1 a new schedule of
of prices would go into effect which
increases the price on hair cuts, mar-
sages, shampoos and razor honing
from 25 cents to 35 cents. The price
of shaving remains as at present—15
cents.

This increase in price by the bar-
bers for their work has been expected
here for some time as the barbers in
most all of the nearby cities have in-
creased their price some time ago. At
Paris, Carlisle, Lexington and other
nearby towns the prices have been
increased for hair cut to 50 cents and
for a shave to 25 cents but the local
barbers do not feel justified just at
this time to increase the prices this
much.

In talking over the increase in
price, prominent local barbers point-
ed out that everything that was nec-
essary in their work had increased al-
most 100 per cent. Even the small
towels that are used have increased
greatly in price.

There will be no complaint from the
patrons of the local union shops for
the people generally understand that
as prices of living and everything
else has increased greatly in the past
few months the barbers are entitled to
a slight increase for their work.

ASPHALT STREET WILL BE VERY ACCEPTABLE

The announcement that the Internal
Improvement committee is seriously
considering the matter of asphalt-
ing Fourth street has created much in-
terest among the property owners along
this street and such a street would be
very acceptable to the property own-
ers. It is understood that the com-
mittee members will purchase asphalt
for the paving of this street if delivery
can be assured within any reasonable
length of time.

Wanted a boy of sixteen after
school and Saturday. Address Box
383.
